VP300 & VP400

A new formula for simplicity

NILFISK

Simply switch on simplicity

Mix simple with powerful and add convenience—and there you have it: a new formula for clean. Second-to-none engineering disguised as simplicity itself!

Our new range of compact dry canister vacuums is engineered for superior performance yet is simple to operate, getting the job done faster, comfortably, and efficiently. With improved performance of +10% while reducing energy consumption by -12.5% compared to previous VP300 models, this range delivers outstanding efficiency. Simply switch on simplicity – just by using your foot. This range helps you esolve any pain points you may have working in contract cleaning, education and institutions, hospitality, retail, offices, and healthcare.

Intuitive controls and simple bag replacements make use and maintenance hassle-free and reduce downtime.

Engineered for superior performance with best-in-class filling capacity, allowing for more cleaning time.

A foot-reachable power switch and seamless cord management make starting and transitioning to other areas easy.

The ergonomic touchpoints and lightweight design reduce strain - the compactness is well-suited for crowded places.

Nilfisk VP300 – an improved success

With its vibrant next-generation design and new colour scheme, our Nilfisk VP300 now has improved ergonomics on the new design user handle, lock, and bent-end, reducing strain, best-in-class filling capacity, and easy cord management. Simply elevating the user experience ensures powerful productivity.
Top features include:

- Coloured touchpoints guide the user where to interact with the machine making it easy to use
- Tool-free maintenance makes it easy to access bags and filters
- Foot-reachable power switch
- New cord storage – no need to unwind the long power cord
- Quiet operation expands the cleaning hours without disturbing

Nilfisk VP400 – new (and best) in class

Nilfisk VP400 is a whole new formula for cleaning. Simply outstanding performance and convenience cramped into a compact canister for time-saving productivity. A durable, high-quality cord rewind system ensures a smooth and user-friendly operation. Top features include:

- New ergo comfort carry handle and smooth glide easy to access cordwinder
- Coloured touchpoints guide users to where they should interact with the machine
- Easy to check and replace prefilter and HEPA filter to maintain suction power and cleaning performance
- Foot-reachable power switch and seamless cord rewind make it simple to get started and transition to other areas
- Compact and agile, well suited for effective cleaning in congested environments
- Quiet operation expands the cleaning hours without disturbing

Technical specifications

Description	Unit	VP300 Eco AU/NZ	VP300 HEPA AU/NZ	VP400 HEPA Cordwinder AU/NZ
Voltage/Frequency	V/Hz	220-240/50-60	220-240/50-60	220-240/50-60
Protection class / IP protection		II / IP20	II / IP20	II / IP20
Rated Power	W	1200	1200	1200
Suction Power (end of tube)	W	225	225	225
Airflow (end of tube)	l/s	32	32	32
Vacuum at nozzle	kPa	22	22	22
Working sound level @2m (IEC 60335-2-69)	dB(A)	51	51	51
Sound pressure level @1m (IEC 60335-2-69)	dB(A)	56	56	56
Dust bag capacity	L	10	10	10
Main filter type		Micro	HEPA 13	HEPA 13
Main HEPA filter media area	cm²		2400	2400
Cord length		10	10	15
Cordwinder				Yes
Weight (machine)	Kg	4.5	4.5	5.5
Dimensions (LxWxH)	mm	398x340x395	398x340x395	398x340x395
